The Global Blockchain and DeFi Congress event set the gold standard in investors conferences. From the caliber of the speakers & panelists to the white-glove service provided by the organizers; any investor, project or thought leader in the space should strongly consider participation. Meetings were tailored exactly to our needs and the partnerships we formed from the events are invaluable. We will regularly be attending all of these events moving forward. Thanks again to Hadi, Rim and the rest of the Agora Group team!

7th EDITION

The 7th Global Blockchain and DeFi Congress

Celebrating DeFi and NFTs

Blockchain and DeFi Funding Pre and Post Covid 19

The Blockchain industry is not immune to the uncertainties of the market.

- NFTs are the talk of the Crypto world this year. What do regulators think of them? How can one invest in them and what are the opportunities and challenges facing them?
- DeFi in 2021: Would scalability woes be solved? The DeFi insurance sub-sector was one of the hottest parts of DeFi in 2020. Will it continue to grow in 2021? Would staking take center stage?
- How is Blockchain fairing in the age of Covid 19?
- Are projects still getting funded?
- Where are these funds coming from?
- Is raising funds during and after Covid 19 different from how it was before?

Join us on

**June
21st and 22nd, 2021**

to find the
answers to these
and other important
questions

The Global Blockchain & DeFi Congress leverages the experience gained through the hosting of the first 6 editions of the event to ensure maximum return on investment for all our sponsors.

This is not a conference nor an exhibition.

**This is an exclusive, closed-door,
congress between investors and
hand-picked Blockchain & DeFi
projects looking to raise funds.**

It is the only event of its kind and it will bring together qualified investors (VCs, Private Equity Firms, Family Offices, Crypto Funds and High Networth Individuals) with Blockchain & DeFi startups looking to raise funds.

What makes The Global Blockchain & DeFi Congress different?

- The event is not a conference or an exhibition, it is an investment platform.
- The entire event is focused on prearranged meetings between you and qualified investors of your choice.
- This format guarantees the best return on investment of your time and money.
- Qualified investors (Family Offices, VCs, Private Equities, Crypto Funds, etc) will meet with you to explore the opportunities of investing in your company.

How does it work?

We bring the investors for you.

We qualify them for you.

We send you, 10 days prior to the event, a complete list of investors attending the event, including their company names, job titles, investment budget, and background info.

You choose the investors you want to have one-on-one meetings with during the event.

We arrange one-on-one meetings for you with the Investors of your choice & send you your personalized schedule before the event.

- **60 Investors with a combined budget of over 5 Billion Dollars.**

- **Only 15 Blockchain & DeFi Startups will be introduced to the Investors.**

- **Live Streaming of all pitches with more than 10 thousand viewers.**

This is how we qualify the investors

The investors have all been qualified based on the following:

Each investor fills in a booking form that extracts important data for you: Their name and title, contact details, the name of the investment organization they represent, the type of investment organization they represent (VCs, Private Equity, Crypto Fund, Family Office, etc), their investment budget, the industries they invest in and their investment strategy (short-term or long-term focused).

They are the ultimate decision makers in the organization when it comes to investment decisions.

They are actively looking to invest in Blockchain & DeFi Startups & Digital Assets.

They have a minimum investment budget of \$5 Million.

The term Agora, is a Greek word that means a public open space used for assemblies and markets. UAE Agora Group has brought just that into the 21st century. Agora group which began operations in 2018 was a joint decision that both Ron Al Ajl and Hadi Haidan made when they felt that the exhibition and conference format was broken.

UNLOCK interviewed Ron and Hadi on the verge of the 6th Edition Global Blockchain Congress and the DeFi congress being held on 9th and 10th of February at the Intercontinental Dubai Festival City Hotel in Dubai UAE.

Agora Group with its headquarters in UAE and offices in Lebanon and Canada has sought to change the way conferences and meetings are held. As Ron Al Ajl, Co-Founder and Managing Director stated, "We developed a new format under the term of executive congresses that are unique in both their exclusivity and format, where we pre-arrange one on one meetings between investors and corporations alongside a thought provoking event. We offer for example 10 one-on-one meetings of 20 minutes each between decision makers from the investment side and startups or startups seeking funding on the other."

She adds, "Most of our congresses center around how disruptive technologies such as Blockchain and AI are changing healthcare sectors, education, cyber security, oil and gas, and Fintech." The main values of Agora are transparency and delivering on that promise.

The Global DeFi Congress by Agora Group on Feb 10 in Dubai

Agora is proud to announce the launch of the first and only event focused on decentralized finance in the MENA region. The Global DeFi Congress will take place on Feb. 10, 2021, in Dubai, with the participation of the Sharjah Research, Technology and Innovation Park, the Ministry of Science and Technology Policy of Japan, the governing council of the International Institute for the Unification of Private Law and the work group for cryptocurrency regulation of the Ministry of Finance of Latvia.

The event is a one-day congress comprising collaborative strategic discussions on how

to change the way conferences and meetings are held. The 6th Edition of the Global Blockchain Congress takes place on February 9th 2021

08 January

The 6th edition of the world-renowned flagship Global Blockchain Congress by Agora Group is taking place on February 9th and 10th 2021 in Dubai. The conference boasts an amazing line up of speakers including keynote addresses by His Excellency Hassan Mohammed Al Murtouza, CEO of Sharjah Research, Technology, and Innovation Park (SRTIP); Deputy chairman of ICGCO, Chairman of EMC ICGCO, His Excellency Nookazu Sakemura, Minister of State for Science and Technology Policy of Japan, Her Excellency Baba Broka, Governing Council of the UNISDRCT and former Minister of Justice of Latvia, and Petrus Zilgavicius, Head of Unit, Digital Innovation and Blockchain, European Commission.

The first five editions of the Global Blockchain congress were a tremendous success and according to the organizers, Agora Group, they were able to host more than 450 investors and more than 90 blockchain startups and were able to raise MILLIONS in funds for our participating projects.

"Pitches are good and all, but have you ever sat on a table for 8 hours with 30 minutes one-on-one meetings with 90 leading investors? Agora is next level. I went to the conference last year, and it was like speed dating with investors. THIS IS EXACTLY HOW IT SHOULD BE. If you're in Dubai or can get there, and are looking to raise funds for your project, this is your jam." Nikita Sachdev, Co-Founder, LUNSPRLO. This is an exclusive, closed-door Congress to connect startups with investors and secure funds.

UAE Agora Group Launches DeFi Congress in February 2021

0:20 views

Agora Events group is launching the first and only event focused on DeFi in the MENA region. The Global DeFi Congress will take place on February 10th 2021 in Dubai, with the participation of the Sharjah Research, Technology, and Innovation Park, The Ministry of Science and Technology Policy of Japan, the Governing Council of the International Institute for the Unification of Private Law and the Work Group for Cryptocurrency Regulation of the Ministry of Finance of Latvia, Teos Foundation, Casper Labs, and The Digital Innovation and Blockchain Unit of the European Commission.

The event is a one-day congress comprised of collaborative strategic discussions on how to best build the open financial system. The congress is a bridge that will bring together investors, regulators, solution providers and subject matter experts to discuss, debate and challenge the existing financial system and propose ideas and opportunities on how to challenge and improve our financial system through DeFi.

The event will be centered on 4 topics:

- Who owns the bridge? The builders of DeFi Platforms
- Who regulates the bridge? Regulators and Governments around DeFi
- Who crosses the bridge? End users of DeFi Products
- Who finances the bridge? Investment opportunities and challenges in DeFi

Based in the UK, TDeFi is the world's first acceleration program dedicated to Decentralised Financing. A group of professionals and serial entrepreneurs with diverse experience in various aspects of 'Traditional Finance' and CryptoCurrency Projects, came together to bring order, compliance, precision, business, connections, and most importantly, 'Real-world utility' to this emerging industry.

TDeFi has structured an intensive mentor-driven program that brings all the building blocks for a DeFi startup under one roof through the established portfolio companies of the Partners/In house group infrastructure serving the Fintech and Crypto ecosystem for over 4 years. TDeFi incubated xBTC, OroPocket, POP Network, Dfyn Network and Cashfi in its pilot cohort.

TDeFi is powered by Tradedog - A Crypto investment advisory firm that provides market intelligence and analysis to the institutional and retail investors.

Testimonials

It was really a fantastic experience for me and for PlanetWatch: we all felt the energy and the excitement in the room; this event is a must to be attended for whoever wants to be involved in the blockchain ecosystem in the region; many interesting topics (that include education, finance, environment, social, oil and gas, payments) were covered in details and the quality of these discussions were very high; as a summary, super well done to Agora team, you have been courageous to organize this live event and you succeeded big times! See you at the next event.

AOCP attended the 3rd edition of the Global Blockchain Congress to raise funds and met over 20 investors here in Dubai, including the Sheikh Sultan of Sharjah and we are very happy to announce that we just got our first investment deal for \$1 million. Many thanks to Hadi and the team. You are a superman with the most amazing network of investors. Amazing event, best I've ever attended.

Pitches are good and all, but have you ever sat on a table for 8 hours with 30 minutes one-on-one meetings with 50 rotating investors? Agora is next level. I went to this conference last year, and it was like speed dating with investors. THIS IS EXACTLY HOW IT SHOULD BE. If you're in #Dubai or can get there, and are looking to raise funds for your project, this is your jam.

There are roughly 4 blockchain events daily somewhere in the world which make it difficult for good projects to raise capital and actually present to real investors. Agora has been one of a few companies that connects entrepreneurs and investors directly and adds real value! Not only do they connect investors and entrepreneurs but with style, class and professionalism!

Juan Engelbrecht
Mobu
CEO

The Global Blockchain Congress and the Global DeFi Congress offer a very unique and customised format where investors get to meet with projects one to one. We find this format very effective in identifying potential investment opportunities. I really enjoy attending Agora's events and will continue to do so in the future.

The Agora Global Blockchain Congress brings five of the best ingredients for Enterprise Blockchain Success: 1-great keynotes, 2-innovative Blockchain projects, 3-Institutional funds & investors, 4-Face to face pre-scheduled meetings, 5-amazing networking opportunities. This enables the ecosystem to be funded, develop and mature.

Jorge Sebastiao

I had an opportunity to visit and talk at a few blockchain conferences during my cryptocurrency career. The last event organized by Agora Group was one of the special ones because it gave me the opportunity to meet with high-profile investors interested in the blockchain space. It was a great event organized by professionals in their field. Wish to have more events like this one.

Agora's event exceeded my expectations. Very professionally curated agenda and most importantly the attending audience made a difference. In a market full of events and conferences the methodology of executing these businesses should be different, they understood it well. Kudos to the team! Wishing them all the best.

As a whole, I really liked the way Agora pulled off the entire event with such sheer class. With a seamless management and helpful processes, it gave a real nice experience to the delegates and projects as well. A big thumbs up from DeFi11 for the post event support that was provided. Highly appreciated!

The Global Blockchain Congress in Dubai is one of the most exclusive events for innovators, startups and investors, bringing people together. We didn't experience the event as just one conference among many, but it was about companies and investors to really move forward and close deals and partnerships.
